

HUGHES CALLS HALT

Will Not Permit Indorsement for Presidency.

PAGE GIVES OUT NEWS

Original Supporter of Governor for Presidency Makes Announcement of Change in Programme—Former Gov. Odell Said to Have Agreed to Present Plans for Harmony.

New York, Sept. 26.—It was announced today by Senator Alfred H. Page that the friends of Gov. Hughes had decided not to indorse his candidacy for the Presidency, to succeed Mr. Roosevelt, at the meeting of the Republican State Committee, called for next week, to nominate the two judges for the Court of Appeals.

This statement, coming from Senator Page, who is known as the original Hughes man, and the governor's closest political friend, is regarded as significant not only of harmony in the Republican ranks, but also as an expression of the will of Gov. Hughes.

It was Senator Page who aided Herbert Parsons in the latter's successful efforts to nominate Mr. Hughes for governor at the Saratoga convention, and during the session of the legislature Senator Page was the man who presented the governor's pet bills, and was regarded as the governor's main support in the senate.

A month ago, Senator Page was quoted as a strong advocate of the Hughes Presidential boom, and his statement today is taken to mean that the party leaders, who have been divided on the question of Roosevelt and Hughes, have come to an agreement in the cause of harmony, and that the cause of the State committee meeting will be in the nature of a love feast.

B. B. Odell, former governor, it is said, has consented to the programme, and would not seek to compel the committee to consider the resolution offered by him at the meeting last spring, at which he indorsed Gov. Hughes for the Presidency.

TRIBUTE TO ELIHU ROOT.

Brother of Secretary of State Expresses Gratitude in Will.

Utica, Sept. 26.—The will of Prof. Oren Root, veteran instructor in mathematics at Hamilton College and brother of Secretary of State Elihu Root, was filed for probate today and revealed the fact that he had given so freely of his remarkable talents and labored so unselfishly in behalf of Hamilton College that opportunities for financial gain had been sacrificed, and when he succumbed, a few weeks ago, he died a comparatively poor man.

After making disposition of his family effects to his immediate relatives, he concluded his will as follows: "And it is my dominant thought in writing that I wish I were possessed of more, that I might give more widely in evidence of my appreciation of the careful consideration and tender love wherein I have always been held, and I here express my regret that I can find nothing to leave whereby I can signify my constant deep-loving gratitude to my brother Elihu for his unselfish and brotherly kindness, for which I am sure God will bless him."

BIG FORTUNE FOR NEGROES.

Dead Quakeress' Millions May Be Left to Race.

Philadelphia, Sept. 26.—Miss Anna T. Jencks, the aged Quaker philanthropist who died on Tuesday, will be buried from the Friends' Boarding Home, Greene street and Washington lane, Germantown, at 2:30 o'clock to-morrow afternoon. In compliance with her expressed wishes, the services will be strictly private and attended only by her intimate friends.

As she will be buried according to the rites of the Society of Friends, it is expected that her will, disposing of an estate valued at more than \$3,000,000, will be read before interment is made. This will probably go to the charitable enterprises in which the aged woman took such interest. Intimate friends believe that the estate will be dispersed through the Society of Friends, for the benefit of it will go to institutions for the education of the colored race. It is not long ago that she gave \$100,000 for this purpose.

The bulk of her estate is said to consist of gilt-edged securities, railroad bonds and mortgages, with comparatively little real estate.

BORAH TRIAL IN FULL SWING.

Government's Attorneys Unfolding Alleged Story in Narrative Form.

Boise, Sept. 26.—Having accomplished much of the tedious work of identifying and placing on the records the papers in about a hundred of the alleged fraudulent claims filed on timber lands in the interest of the Barber Lumber Company, the government attorneys in charge of the prosecution of United States Senator E. L. Borah, who acted as attorney for the company, began today to unfold in narrative form details of the alleged conspiracy which is said to have begun in 1880, and to have continued to the filing, in 1904, of the last of 108 deeds covering 150 acres each of thickly wooded forest land to the lumber company.

Tacoma, Wash., Sept. 26.—Former United States Senator A. G. Foster, vice president of the St. Paul and Tacoma Lumber Company, has been subpoenaed to appear at Boise. The order from the court which caused his appearance at the scene of the Borah trial also cited the former senator to bring with him all papers, letters, telegrams, and even carbon copies of all correspondence he possesses bearing upon the operations of the Barber Lumber Company.

ITEMS FROM ABROAD.

Malaga, Spain, Sept. 26.—To-day's reports place the number of drowned by yesterday's floods in Malaga and neighboring towns at 30. Thousands are homeless and a famine is threatened.

Bremen, Sept. 26.—Herr Wiegand, director of the North German Lloyd Steamship Company, says the report from New York that his company will build twenty-eight knot steamers is rubbish.

Tokyo, Sept. 26.—Four cases of cholera are reported at Yokohama where successful cases are under observation. A total of 1,500 cases of cholera throughout Japan has been reported up to today.

St. Petersburg, Sept. 26.—After having been brought to bay after murdering Gen. Kravchik, former governor general of Odessa, the assassin Verpetov today murdered Yermola, a detective, about a half mile from the city, and again made his escape.

Toronto, Ontario, Sept. 26.—At the meeting of the Canadian Manufacturers' Association, to devise means for taking the tariff out of politics, it was decided that the members are favorable to putting a prohibitive tariff on imports from the United States.

Ottawa, Ontario, Sept. 26.—The Dominion government is closely following the success of the Louisiana, with a view of giving information as to the feasibility of establishing a twenty-four-hour cable service, as contemplated in the All Red Line Project.

Stein's Styles Are Swagger.

Our Mr. Mudd, the famous designer and cutter formerly of Keen's, will give each patron his personal attention.

M. Stein & Co.
Tailors, 808-810 F St.

GAS HEARING IS ADJOURNED

Arguments Will Be Presented to Court October 4.

James E. Bates Shows Additional Figures as to Expenditures on Georgetown Plant.

The final session of the Georgetown Gaslight Company's hearing, before Auditor James G. Payne, of Equity Court, yesterday was brief.

Adjournment had been taken the previous day to give time for the witness James E. Bates to compile an additional statement as to the cost of the company's plant, objections having been taken by Corporation Counsel Thomas to the form in which the statement was presented.

In the original statement it was set forth that the company had expended upon its plant in the fifty-four years of its existence the sum of \$33,563.25. Yesterday Mr. Bates added the following items to this statement: Real estate, \$24,115.72; service pipes, \$35,025.32; meters, \$15,580.53; making a total of \$73,723.18.

The witness explained these figures at the request of counsel for the company, and was cross-examined both by Stuart McNamara for the United States and by Corporation Counsel E. H. Thomas for the District government. Mr. McNamara sought to show by a line of questioning that the amount charged on the company's books for service pipes and meters had been more than offset by amounts received from householders for service pipes and meters. But Mr. Bates, the witness, stated that he was not able to give the information desired.

The hearing was adjourned to October 4, when arguments will be heard by the referee on the evidence presented. Probably Referee Payne will then take some time to review the case and make his report, which will be submitted to Justice Gould, in Equity Court, and a decision handed back to the company on its petition to be allowed to increase its capital stock from \$150,000 to \$300,000.

Counsel for the company declared yesterday that the price of 60 cents per 1,000 cubic feet of gas paid to the Washington Gaslight Company for gas was more than the wholesale price before distribution. They declared that it was subject to District taxes, cost of inspection, and leakage after being received by the distributing company.

THIS HERO GETS REWARD.

Given Check for \$10,000 After Saving Woman's Life.

Special to The Washington Herald.
Kendall, Wis., Sept. 26.—John Franklin, a Northwestern engineer, running between here and Sparta, has received a check for \$10,000, with a promise of another, for saving the life of a woman at Devil's Lake a few weeks ago.

Franklin, with his wife, was spending a few days at the lake. At the same time William Peterson, a wealthy Chicago man, with his wife, daughter, and a sister-in-law, were also en camping at the lake.

One morning, while out in a boat, the girl and Miss Jenkins rowed over to a spring to get a drink. As Miss Jenkins attempted to get back into the boat, she slipped, falling into the water. The impact drove the craft from shore, and although she managed to draw herself from the boat, she could not get her feet firmly to the bank, while her niece cried for help. The water was more than fifty feet deep at that place. Franklin rescued her from her perilous position just as her strength was about failing her.

PARAGRAPHS BY WIRE.

Lacrosse, Wis., Sept. 26.—William J. Bryan will make ten speeches in Wisconsin in November.

Chicago, Sept. 26.—The city's share of the new Rock Island Chicago City Railway Company for the first six months ended July 31, will be \$25,250.

Hanover, N. H., Sept. 26.—Dartmouth College opened today with an enrollment of 475 students, probably 100 more than the college can accommodate.

Warren, Pa., Sept. 26.—The plant of the Keystone Gas Company, owned by the United States Leather Company, was destroyed by fire to-day. Loss, \$40,000.

Troy, N. Y., Sept. 26.—Walter Martin, aged fourteen, of Watervliet, was found dead in bed last night by his mother. He had eaten toad-sticks thinking they were mushrooms.

Albany, N. Y., Sept. 26.—Word was received here today of State Architect George L. Heins' death at his summer home, at Lake Mohonk, Westchester County, from meningitis.

Albany, N. Y., Sept. 26.—J. Hampton Daugherty, of Brooklyn, was today appointed by Gov. Hughes as a member of the New York City charter revision commission, in place of Edward M. Gould, resigned.

New Rochelle, N. Y., Sept. 26.—The body of Miss Beatrice Peaton was recovered from the sea today. She was drowned in Sunday's storm while sailing with Guido de Angelis, who had been captured by waves from meeting the girl.

Elgin, Ill., Sept. 26.—Cyrus Baldwin, eighty-five years of age, one of the wealthiest residents of Kane County, Ill., killed himself today by swallowing pills given after he had confessed that he had murdered his aged wife by smothering her skull with a hammer.

Cincinnati, Sept. 26.—News reached here today of the marriage yesterday in Birmingham of John H. Davis, millionaire, and Mrs. Charlotte Baldwin, Birmingham, Ala. The Davises will make their home in New York, where he has extensive theatrical interests.

MOTION IS WITHDRAWN.

Court Grants Federation's Request in Buck Stove Case.

At the request of counsel for the American Federation of Labor, after an argument on their motion to expunge certain allegations from the bill of complaint filed against the federation by the Bucks Stove and Range Company, Chief Justice Cibaugh yesterday allowed the motion to be withdrawn.

Counsel stated that the partial argument of the motion had made it clear that a broad scope of discussion would be opened up at this time if the motion was pressed, and in consideration of that, as well as the disadvantage under which the defendants would labor, they were of opinion that the matter should stand over until the answer could be filed in regular course.

The motion to expunge claimed that the bill of complaint contained irrelevant charges, many of incidents of long standing, and others of alleged acts of subordinate bodies of the American Federation of Labor, over whose actions the corporation had no jurisdiction, or which were done, if at all, without its knowledge.

Thomas H. Canning, of the Burns faction of the Knights of Labor, acting as secretary-treasurer of the order, yesterday instituted in the District Supreme Court, in the name of the Order of Knights of Labor, a suit to recover \$63.11 from Alonzo O. Bliss for the use of the party walls of premises, No. 43 B street, owned by the order.

The Hayes faction of the labor organization, according to Attorneys Archer and Smith, who filed the suit, have also made demand on Mr. Bliss for the payment of the same amount. Mr. Bliss, they said, is willing to settle the claim, but does not know to which faction he should make payment.

The suit may reopen the lengthy litigation which has been waged since the split in the order, following the meeting at Niagara Falls in 1888.

SCHOOL BOARD IS DENOUNCED

Bethesda Citizens Will Ask Courts to Remedy Situation.

Removal of Miss Dove and the Trustees Held Unjust and Their Re-instatement Demanded.

At a meeting of about 100 citizens of Bethesda, held in the parish hall last night, the Montgomery County school board was strongly denounced for its action in regard to the removal of Miss Dove and the school trustees, and a decision was reached to take the matter before the State board of education, then to the courts if necessary, and to ask Gov. Warfield to interfere.

The meeting was called to order by S. D. Caldwell, president of the Bethesda Citizens' Association, and S. W. Briggs was chosen president and R. D. Drum Hunt secretary of the meeting. Speeches were made by A. C. Ryman, one of the deposed principals, and H. L. Helskall. At the conclusion of the latter's speech, inconsistencies were claimed in statements that had been made by members of the school board, and it was also said that Supt. Wood and George Lauer had made conflicting statements as to the action of the board.

Harry Martif then presented resolutions calling for the dismissal of Earle B. Wood, secretary of the school board, and President Caldwell took occasion to score the action of the board.

MEDAL OF HONOR MEN MEET

Partially Perfect Plans for Convention in October.

President Roosevelt Will Not Be Able to Attend Because of Absence from the City.

At a meeting of the United States Medal of Honor Club, held last night at the Ebbitt House, arrangements were partially perfected for the seventeenth annual convention of the Medal of Honor Legion, to be held in this city on October 9 and 10.

It was decided that Col. M. Emmet Urell should be appointed to respond for the club, at the banquet of the convention, to the toast, "The Spanish War Veterans." Announcement was made of a considerable number of subscriptions to the club, and it was decided that the city to aid in defraying the expenses attendant upon the convention. A committee was appointed, composed of Gen. J. C. Black, Alexander Scott, and Capt. L. M. Kelley, to draft suitable resolutions upon the death of Gen. Cecil Clay, formerly a member of the club. It was decided that meetings should be held weekly until after the convention, at the Ebbitt House.

A letter was read from the secretary of the club, stating that he had been informed that President Roosevelt would be away from Washington at the time of the meeting of the convention, and for that reason would be unable to receive the members of the Medal of Honor Legion at the White House, which fact he regretted.

Those present last night were: Alexander Scott, president; Capt. C. F. Rand, vice president; Capt. J. W. Archer, treasurer; Capt. L. M. Kelley, of the executive committee; Companions Col. M. E. Urell, Capt. D. E. Buckingham, Capt. J. D. Verney, William Ludgate, Leopold Karpis, and McAfee.

The Medal of Honor Club is made up of men in Washington who have received the United States medal of honor for distinguished service, in battle in the wars of the nation.

BRIBE FOR OIL JUROR.

Alleged Agent of Standard Admits Making Offer.

Findlay, Ohio, Sept. 26.—L. B. Williamson has been arrested on an indictment charging him with attempting to bribe Chase Thompson, a juror in the case of the State of Ohio against the Standard Oil Company, which was tried in the Court of Common Pleas here June last, before Judge P. W. Duncan. He was held in court by Judge Duncan.

Mrs. Chase Thompson said that Williamson approached her and asked her to persuade her husband to disagree and hang up the jury in the Standard Oil case. The final vote of the jury was eight for the last opposing conviction.

Williamson, in a statement made in the county jail, admitted he had made the proposition to Mrs. Thompson, saying that her husband would be paid from \$500 to \$1,000 should the jury disagree.

NEW CURRENCY PLAN

Features Discussed at the Bankers' Convention.

URGED BY PRESIDENT HEPBURN

Head of Chase National of New York Declares Proposed Medium Would Not Promote the Speculative Interests of Wall Street as Has Been Claimed Against It.

Atlantic City, Sept. 26.—The plan of the currency operation of the American Bankers' Association for the improvement of the currency system by making it more adaptable to national needs, was discussed at to-day's session of the association.

A. B. Hepburn, president of the Chase National Bank, of New York, explained the plan at length and there was then a spirited general debate on the subject in which Congressman Charles N. Fowler, of New Jersey, was prominent. Mr. Fowler is chairman of the House Committee on Banking and Currency, and has been fighting for a credit currency system for years.

Mr. Hepburn, in his address, said in part: "The currency plan recommended by the commission may be summarized as follows: '1. Any national bank having been actively doing business for one year and having a surplus fund equal to 20 per cent of its capital shall have authority to issue credit notes as follows, subject to the rules and regulations to be determined by the Controller of the Currency:—

(a) An amount equal to 40 per cent of its secured bonds, now so largely a tax at the rate of 2-1/2 per cent per annum upon the average amount outstanding. (b) A further amount equal to 12-1/2 per cent of its capital, subject to a tax at the rate of 5 per cent per annum upon the average amount outstanding in excess of the amount first mentioned. (c) The same reserves shall be carried against credit notes as are now required by law to be carried against deposits. Provides Guarantee Fund.

"It provides a 5 per cent guarantee fund, from which to redeem the notes of any defaulting bank; it provides numerous redemption cities, conveniently located in various parts of the country. A study of the statistical history of the national banking system from its inception will leave no doubt in the minds of candid men as to the goodness of the proposed note issued and its certainty of redemption."

"By basing the amount of the proposed issue of credit currency upon the bonded security of each bank, the value of government bonds, now so largely owned by the banks, is preserved and protected. The proposed plan is neither comprehensive nor radical; it seeks to ingraft upon existing laws simple changes which will admit of increased bank circulation in response to the increased demands of business."

"It also contemplates the retirement of such circulation with the abatement of such demands. It seeks to provide such increase as the instance of the issuing bank in response to the demands of its customers. It seeks also, by convenient points of redemption, to secure the retirement of such issue, whenever the demand which called the same into being has been satisfied. The plan is not to be carried out by high-priced bonds, yielding a low rate of interest, there would be less feeling of constraint to force such notes into use as much possible."

Not a Wall Street Scheme.

"It is asserted in some quarters that such a currency would redound greatly to the advantage of the speculative market in the city of New York—'Wall Street.' This is quite erroneous. The proposed currency would not be used between banks in the city of New York. Balances at the clearing houses in that city can be settled only in gold or silver or their representative and legal-tender money."

"Under the proposed plan banks would pay out their own notes and present the notes of other banks for redemption, and the fact cannot be too strongly emphasized, with ample facilities for redemption, inflation is impossible. 'I believe such a currency would materially serve the public interest, relieving and preventing the periodic stringencies which occur under existing laws.'"

PRESIDENT SPENDS BUSY DAY

Greets Many Callers Gathered to Pay Respects.

Gets Down to Business at 9:30 and Stays in Office Grinding Out Work.

President Roosevelt was in his office at the White House shortly after 9:30 o'clock yesterday morning, and soon after that hour visitors began to arrive, who kept him busy until luncheon.

The President was in fine spirits and seemed to be in perfect health. There will be no regular meeting of the Cabinet to-day, although it is one of the regular days, but the President will confer individually with those who are here in regard to various matters of administration.

These conferences began yesterday morning. Postmaster General Meyer was the first to call. Then came Secretary McElfish.

Other early morning visitors to the President's office were Gen. Oliver, the acting Secretary of War; Robert Bacon, the acting Secretary of State; Assistant Secretary Murray, of the Department of Commerce and Labor, and Capt. Fitzhugh Lee, U. S. A., who is to be relieved from duty by his own request as a member of the White House staff. Dr. Harvey W. Wiley, the chemist of the Agricultural Department, called with Auguste Calvet, a senator of France. Senator Calvet was sent to this country to confer informally in regard to bringing about a conference of the food laws and regulations of the United States and France.

Ex-Senator James K. Jones, of Arkansas, who managed both of William J. Bryan's campaigns for the Presidency, called to recommend Judge Thomas C. Humphrey, of Oklahoma, to the Federal bench when that Territory becomes a State.

Broke Bone in Lifting Test.

In attempting to break a record George Fuur, an inmate of the Soldiers' Home, last night broke his collar bone. Fuur was engaged in a test of strength at a lifting machine, at 924 Pennsylvania avenue, and was putting forth his most strenuous efforts. Suddenly he felt a severe pain in his shoulder and upon investigation found that he had broken his collar bone. He was removed to the Emergency Hospital.

MRS. CARTER IS CREMATED.

Four Veiled Women and a Man Mourners at Burial.

New York, Sept. 26.—Four women, closely veiled, and a man followed a coffin containing the body of Mrs. Margaret Carter, who ended her life in the home of John Jay White, as it was carried into the crematory at Fresh Pond, Long Island, late yesterday afternoon. Several curious persons who had gathered in the reception hall were not admitted to the chapel.

While information was refused at the crematory, it is understood that the mourners were Dr. Paul Faber, of 6 Wall street; Mrs. Faber, Miss Shear, and Miss Asher. They were accompanied by a colored maid. They remained some time with the coffin before the body was removed for incineration.

MRS. NATION GIVES THANKS.

Declares Hoosier Society Paid Her Fine.

Mrs. Carrie Nation was yesterday discharged from the workhouse because the balance of her fine, amounting to \$2.34, was paid, she having served \$2.56 worth of time, after having declared to the court that committed her for delivering a lecture in front of the Post-office Department building, that she had paid her last fine.

Mrs. Nation said last night that she had not paid the fine, as had been stated, but that the money was sent to her manager by telegraph by the Union Gospel Holiness Association, of Evansville, Ind., to which she said all the credit should have been given, adding that she would not have paid it herself.

Mrs. Nation will not be deterred from her purpose of lecturing on evils wherever she may find them lurking.

REAL ESTATE FIRM MOVES

Tyler & Rutherford's New Offices in Fifteenth Street.

National Stables Property Sold at Auction—Day's Deals in the Realty Market.

Tyler & Rutherford, engaged in a general real estate and loan business, have moved their offices from 1367 F street to 720 Fifteenth street northwest, thus joining the general movement of business into the uptown district. They have handsomely fitted-up offices on the ground floor, making a great improvement over their former headquarters in F street. Tyler & Rutherford are one of the oldest real estate firms in the city, having been in business about twenty years. In the new offices they will have an active force of men to afford prompt and excellent service in all departments of their business.

Adam A. Weschler, auctioneer, yesterday sold the business property in Sixth street, near Louisiana avenue northwest, known as the National Stables, to Mrs. Margaret Stewart, for \$28,550. The property fronts 62 feet on Sixth street, and is 102 feet deep, containing about 6,324 square feet, making the property, with its improvements about \$3 a square foot. It was sold subject to a deed of trust. The trustees are Richard C. Thompson and Edwin Forrest.

Thomas J. Owen & Son, auctioneers, have sold the frame dwelling at 45 L street southwest to E. C. Fair to \$2,150. Richard E. Fair and Herbert A. Gill are the trustees.

The same auctioneers have sold, under a decree of the Chancery Court, dwellings 524, 525, 526, and 527 Twenty-first street northwest, two-story brick structures. No. 524 was purchased by Henry C. Colburn for \$2,750, while the remaining houses were bid in by Emanuel Spedak at \$2,500 each. Immediately after, five brick dwellings in the alley in the rear were bought by Adolph Neubeck for \$750 each. Other houses at the clearing house in the city were bid in by Emanuel Spedak at \$2,500 each. Immediately after, five brick dwellings in the alley in the rear were bought by Adolph Neubeck for \$750 each. Other houses at the clearing house in the city were bid in by Emanuel Spedak at \$2,500 each.

Owen & Son have also sold for G. M. Smith and L. Cabell Williamson, trustees, the apartment house at 1821 Eighteenth street northwest, on the corner of Oregon avenue, to Mary C. Smith for \$5,350. The house is a three-story brick containing three apartments.

PETITION TO ENFORCE SALE.

Intervening Motion Filed in Realty Real Estate Suit.

In the case of Mary Key von Ringhartz against Philip Key Reddy and Albert O. S. Reddy, Robert M. McBride yesterday filed an intervening petition through Attorneys Wilton J. Lambert and Edward McLean, setting forth that he was entitled, by contract with the heirs, to possession of the property, 1317 and 1319 New York avenue northwest, which, he alleges, he contracted with at the rate of \$50,000 and paid on account of the purchase price \$50,000, and still tenders himself ready to complete the purchase according to the terms of the contract.

The original bill in this cause was filed some weeks ago by Attorney Leigh Robinson, setting forth that the property was sold under the will of Susan R. Reddy by a life tenant and his remaindermen; that under section 100 of the code they desired to have the property sold and the proceeds invested for the benefit of the parties interested. The bill also set forth the fact that two bids had been received for the property—one for \$50,000 and the other for \$30,000—and subsequently the cause was referred to the auditor to report as to the rights of the parties proposing to be purchasers.

The petition filed by McBride was referred to the auditor for a like report, and by the prayers of McBride's petition and the court is asked to compel compliance with the alleged contract of sale.

Thirteen Drown as Skiff Upsets.

Mobile, Sept. 26.—A report was received here to-night of the drowning of thirteen persons, both white men and twelve negroes, between the cities of Bibb and McGraw Shoals and Jackson, Ala., by the overturning of a large skiff.
